Milsom Memorial Trophy

From 1928 to 1977 the Milsom Memorial Trophy was awarded for the Bristol to Taunton & Back competition (see Historic Competitions Section). In 1995 it was reallocated and is now given, at the discretion of the committee, to the member who demonstrates outstanding performance in long distance cycle events.

The committee normally consider a single outstanding performance or a series of performances over the course of a season (1st Jan to 30th Sep). Also important is performance relative to members' ability rather than just outright performance.

Worthy examples are; completion of a first '24 hour', a novice achieving 240 miles in a '12 hour', completion of the Paris Brest Paris Randonneur event.

Open '50' (Gold Flake Cup)

The Gold Flake Cup is awarded to the winner of the club's open '50' event. In 1935 the committee instigated the Open 50 as there was not an event in the Bristol area at that distance. Bill Perry's boss was a Mr Sherman whose son was a sports promoter. Following discussions contact was made with Wills by the sports promoter and they provided the Gold Flake Cup. The 50 is called the Jubilee 50 as the King was celebrating his jubilee at that time.

CLUB HISTORY

Record of Events

1893 The Club was formed in April 1893, by a few enthusiastic cyclists who, having formed a social alliance, were inspired to form themselves into a cycling club. A meeting was convened at Heaven's Coffee Tavern, Hill Avenue, Bedminster. It was at first suggested to name the club W.D.& H.O. Wills Cycling Club. However, amongst the original members, there were friends who were not employed by the firm, therefore, perhaps with a thought of the days to come, it was decided that the Club be known as the Bristol South Cycling Club.

The original members and founders of the Club were:

Messrs. A G Justin (chairman), T Edwards (captain), C F Manns (treasurer), W Morgan (bugler), C Hazelwood, F Budd, G Jones, R Alden, W Greening, J King (vice-captain), W H Lewis and A S Sheppard (secretary). The Bugler let it be said was an important person in the Club life in the early eighteen nineties.

The first run after the Club was formed was to Bath, on the 29th April 1893. Saturday social runs and holiday tours were a great feature of Club life

1894 The Club joined the National Cyclists Union. Racing came to the Club
- 96 through an amusing incident; arriving at Wells early in the day on a Whit Monday holiday tour, members decided to have a try out on the track. Some gave up the idea but R Alden and W Greening decided to race, whereupon they dismantled their roadster bicycles of mudguards, brakes, etc. R Alden (Bobby) won his heat in the half-mile race and to the amazement and delight of the Club won the final.

After the initial attempt a few members, Bobby in particular, took up serious racing with considerable success. R Alden became the first Club Champion in 1896. The first race run by the Club was in 1894 from Horfield Barracks to Gloucester and back, won by W Greening.

For some seasons the Club, in conjunction with the Bristol Harriers ran a series of sports meetings at Eastville and at St. John's Lane on the ground of the Bristol South End FC (which become Messrs E S & A Robinson's Athletic Ground and has now changed its name again).

1914 During the war years the Club was kept in being by older members and was
- 19 reorganised in 1920.

Club History

- 1920 The Club was to the fore in every type of cycling activity. The Frampton
- 39 Memorial Shield was won outright and re-presented to the NCU for further competition. The Club was the founder club of the Western Time Trials Association whilst the annual Evening Track Sports became a popular feature in Bristol fixtures. With the advent of youth hostelling, many members became strong supporters of this form of touring.
- 1939 The club carried on a skeleton time trial and social programme during the war
- 45 years.
- 1946 The club reorganised and admitted ladies for the first time. In this year E E
Ilott won the half mile National Grass Championship at the County Ground.
- 1947 The post-war years saw a rapid revival of the Club and by the end of the 1947
season the membership and social activities were setting up new records. It was in this year that the club celebrated its golden jubilee since the war prevented it being recognised on time in 1943.
- 1948 The Club promoted the National Hill Climb Championship at Weston Hill,
Bath, and the season was concluded successfully by the Club's Golden Jubilee Dinner, which was attended by the Lord Mayor and Lady Mayoress of Bristol.
- 1951 The Club promoted its second National Championship - the Ladies 25 miles
time trial on the Bridgwater Flats.
- 1946 Between 1946 and 1959 a great deal of controversy developed between the
- 59 British League of Racing Cyclists (BLRC) and the National Cyclists Union (NCU) over the rise of mass start racing. This rivalry continued until the formation of the British Cycling Federation (BCF) in 1959. During this period the Club took a full part in the development of both lines of the sport.
- 1953 New figures were set in the Club's open promotions for the National men's and
& 55 women's Competition Records.
- 1961 One of the club's riders, Chris Holloway had the distinction of attaining third
position in the National BBAR competition and backed up by John Kempe and Jeff Fry, the Club were placed first in the National Team Competition.
- 1966 Mrs B Body became the first member chosen to represent Great Britain in the
World Championships held on the famous Nuremburg Ring, Germany.
- 1967 The club promoted the first time trial in the U.K. for professional riders in
1967, when a separate Bristol to Weston event was provided for this category.

- 1972 The club promoted the Mens 25mile National Championship won by Alf Engers in 53:40.
- 1979 M. Noble rode the Junior World Cyclo Cross Championships in 1979 and in the same year Allen Janes was the first rider ever to ride a low profile bike in a time trial.
- 1982 The club promoted yet again, the mens National 25 mile Championship on the Gloucester Road that was won by Dave Lloyd, Manchester Whs in 53:34.
- 1987 Matthew Bristow set the Juvenile 10 miles competition record in the West DC GHS Final on the U4 in 20:26. During the same year Rod Collins, at his first attempt at the distance was 2nd in the 24 hour National Championship covering 483.104 miles.
- 1988 From 1988 to 1991, life member Dave Galley became the club sponsor. Club members competed in club colours carrying the Galley logo, and the legend 'Dave Galley & Son'.
- 1992 The club adopted a new patterned racing strip that retained the original club colours of red and gold.
- 1993 The club celebrated its centenary with several events during the year:
- It promoted the 100 mile National Championship on the Gloucester Road which was won by Gethin Butler in 3hr 44min 45sec
 - The centenary dinner was held at the Kingswood Civic Centre with Ted King, President of the CTC, as the guest of honour
 - The first club run from Bristol to Bath was re-enacted along the railway cycle track in association with the Veteran Cycle Club
 - A celebratory club run to Malmesbury took place, where the riders stopped for lunch.
- 2005 Dave Keene wins the World Trike Championship
- 2006 A celebratory luncheon was held to recognise the long term membership of ten club members, each with over 50 years of continuous membership; they are Les Cattell, Len and Alice Beak, George Keene, Dave Galley, John Kempe, Pete Baldwin, Brian Boyd, Jeff Fry, Allen Janes.

Dave Keene retains the World Trike championship and breaks the national trike competition record for 100ml (4hr 0min 1sec).

Club History

2007 The National Hill Climb Championship is held in Cheddar Gorge with Dave Keene as the event organiser.

2008 Dave Keene wins the World Trike Championship – again!

Of Bristol's many pre-World War 1 cycling clubs only Bristol South CC remains and it is one of the oldest cycling clubs in the country.
